

IFCC Live Webinar

Laboratory & Analytical Aspects of High-Sensitivity Cardiac Troponin Assays: Views from the C-CB

Moderator

Prof. Fred Apple
[USA]

Principal Investigator at the Cardiac Biomarkers Trials Laboratory of Hennepin Healthcare Research Institute & Professor, Laboratory Medicine & Pathology, University of Minnesota

Challenges for Implementation

Prof. Paul Collinson
[UK]

Professor of Cardiovascular Biomarkers at St George's University of London

Analytical Performance of Assays and Effects on Algorithms Used in the Emergency Department

Dr. Kristin Moberg Aakre
[Norway]

Consultant, Haukeland University Hospital Associate Professor, University of Bergen

Assay Interferences - Macro-Troponin

Prof. Ola Hammarsten
[Sweden]

Senior Physician Institute of Biochemistry, University of Gothenburg

Date: March 2, 2022

Time: 10 (Eastern Standard), 4pm (Central European), 11pm (Beijing)
